Psiphon (web filter avoidance): Rule 6202.V.B.6 - **The student is responsible** for protecting the security of the BCPS network. I will not attempt to bypass security settings or Internet filters or interfere with the operation of the network by installing or downloading unauthorized software, games, programs, files, electronic media, stand-alone applications from the Internet or from any other sources.

Charging and Extending Battery Life

Put computer to sleep or shut down when not in use (simply closing the lid does not put the computer into a low power mode).

Plug device in before bed to be fully charged for next day.

Do not charge cell phone or leave things plugged into the USB ports

To Avoid Connection Issues

Many connection issues are resolved by **restarting the device**. Students should shut their device off when they leave home and when they leave school. This will give the device a fresh start wherever they

Lunch Use

The cafeteria is a device free zone

You can use your device in the library, but no food in the library.

Only use BCPS devices in school
